- Occupational Stress claims
- Public liability claims
- Clinical negligence claims

PROFILE OVERVIEW

Tim Grover was called to the Bar in 1991 and for the last 20 years or so he has specialised in high value personal injury claims.

Tim is regarded as being knowledgeable, thoughtful and approachable and is sought after to represent both Claimants and Defendants.

Tim is regularly instructed in multi-million pound claims and is very familiar with the legal, medical and procedural issues that frequently arise in traumatic brain injury claims, spinal cord injury claims, amputation claims (upper limb and lower limb), complex polytrauma claims and complex orthopaedic injury claims.

Unfortunately, Tim is not able to accept instructions in claims with a value of less than £100,000.00 unless there is some other interesting feature.

Tim appears in court on a frequent basis and undertakes a wide range of advocacy work, including interlocutory applications, cost and case management conferences, Multi Track trials, trials relating to quantum and causation, appeals and inquests.

In terms of written work, Tim is very experienced in drafting particulars of claim, defences, replies, Part 18 requests and skeleton arguments, as well as providing written advice on issues such as liability, evidence and quantum.

In particular, Tim is regularly instructed to draft detailed schedules and counter-schedules of loss and Part 35 questions for medical experts.

Tim served as the long time Head of Chambers' Civil Team before standing down in 2022 and is a member of the Personal Injury Bar Association, Association of Personal Injury Lawyers, Headway: the Brain Injury Association and the Spinal Injuries Association.

NOTABLE CASES

- **R v A** – Multi-million pound claim on behalf of a motorcyclist who suffered spinal cord injury in a road traffic collision.
- **M v S** – A claim on behalf of a motorcyclist who suffered severe brain injury in a road traffic collision.
- **B v T** – Multi-million pound claim on behalf of a motorcyclist who suffered a skull fracture and spinal cord injury in a road traffic collision.
- **B v M** – Multi-million pound claim on behalf of a motorcyclist who suffered severe brain injury in a road traffic collision.

NOTABLE CASES

- **R v A** – Multi-million pound claim on behalf of a motorcyclist who suffered spinal cord injury in a road traffic collision.
- **M v S** – A claim on behalf of a motorcyclist who suffered severe brain injury in a road traffic collision.
- **B v T** – Multi-million pound claim on behalf of a motorcyclist who suffered a skull fracture and spinal cord injury in a road traffic collision.
- **B v M** – Multi-million pound claim on behalf of a motorcyclist who suffered severe brain injury in a road traffic collision.
